Objective

I am a motivated and detail-oriented Computer Science student with a passion for web development, software development , cybersecurity, and artificial intelligence. Currently seeking opportunities to apply and expand my skills in a dynamic and challenging professional environment.

Skills

- **Programming Languages:** Python (Flask), HTML, CSS, Bootstrap, MySQL, C, Assembly Language (intermediate knowledge).
- **Web Development:** Frontend design using HTML, CSS, Bootstrap; Backend development using Flask.
- **Tools and Technologies:** Git, Microsoft Word, Access, Powerpoint, Excel, Windows, Linux and Unix OS.
- **Soft Skills:** Strategic thinking, problem-solving, teamwork, and adaptability.

Experience

Web Development Project: Personal Blog Website

- Designed and developed a responsive blog site using HTML, CSS, Bootstrap, Flask, and MySQL.
- Implemented dynamic features such as user registration, content management, and commenting functionality.

Cybersecurity Coursework Projects

- Gained hands-on experience in ethical hacking exercises, focusing on penetration testing and network analysis.
- Learned from youtube videos and online articles about the various content on cybersecurity and practised on my systems.

Education

2024 to 2027

Zetech University – Bachelor of Science in Computer Science

Currently enrolled as a student at Zetech University pursuing a degree in computer science

January 2024 to May 2024

Modcom Institute of Technology - Certificate in Software Development

Completed a software development short course at Modcom Institute of Technology

2020 to 2023

Alliance High School

Completed my four years of high school education at Alliance High School
